AN UNNATURAL SON

Assaulted His Father When Urged to Reform.

LESLEY HOUGHTON ARRESTED

Fifteen Years Old, and Spends All His Time in Saloons.

After Striking His Father He Attempted to Escape From the Police Station.

Threatened with chastisement unless he quit the life of sin he was accused of leading, Lesley Houghton, 15 years of age, assaulted his father at police headquarters last night and made a desperate attempt to escape from custody. He was captured, however, by Patrol Driver Armstrong before he gained the street and lodged in the city jail.

Young Houghton was wanted by the police on the charge of incorrigibility. The charge was preferred by his father, who alleged that the lad spent all his time loafing in saloons and in visiting places of vice and wickedness. He was taken in by the police last night and held in the desk sergeant's office until the arrival of his father.

FATHER'S OFFERS DISDAINED.
On reaching the station the elder Houghton begged the boy to return home with him, offering him every opportunity to change his ways and secure employment. The lad, however, refused, declaring that he preferred a life of liberty to any that the old man might offer. Finally the father insisted that he would see that the youngster was punished if he did not obey his commands and shun the companions he had formed.

ATTEMPT TO ESCAPE.
Without warning the boy suddenly leaped from his chair and struck viciously at his father. At the same time he dashed through a door into the main corridor of the building and ran towards the street. The only officers who were at the station at the time were Desk Sergeant Livingston and Patrol Driver Armstrong. Both officers attempted to seize the boy as he darted away, but he eluded them.

ARMSTRONG GAVE CHASE.
Armstrong gave chase and captured him as he was making good his escape. He was lodged in the jail to await a hearing in Judge Diehl's court this afternoon. The charge of incorrigibility was entered against him.

Even after the assault the father offered to take the boy home if he would promise to lead a better life. The lad, however, refused and went to jail with apparent willingness rather than make the promise.

APPOINTMENTS CONFIRMED.

The appointments made by the new city officials were read, and in every instance approved by unanimous vote of the members. Mayor Morris has as yet made no communication indicating the policy he intends to pursue, which was read.

TRIBUTE TO REISER.

Retiring City Auditor Remembered by Employees.

Albert S. Reiser, who was supplanted in the office of City Auditor by C. R. Felt yesterday, was presented with a handsome umbrella as a little token of esteem by his deputies and employees. The umbrella is a beautiful piece of workmanship, the handle being trimmed in gold and the silk of the finest quality. The presentation speech by Deputy A. L. Nash was short, but fully expressed the high regard in which Mr. Reiser is held by those who have been under him.

MESSAGE FROM THE MAYOR.

New Executive Extends Greeting to the Council.

The following is the text of the first communication addressed by Mayor Morris to the City Council:

To the Honorable President and Members of the City Council:

Gentlemen—Appreciative of the fact that we are about to enter upon an important and public duty, I take this opportunity of addressing you briefly and congratulating you upon your election as members of this body—chosen as it is to the performance of a sacred trust—and to assure you at the outset that it is my sincere desire that we shall work harmoniously together for the best good of our rapidly growing city. To do this there are several prime essentials:

1. It is desirable that I personally recognize each other's rights. That we remember that we are chosen to represent the interests of all classes of the community without regard to political or other differences.

2. That we are face to face with problems of the gravest character, and that it is necessary to approach, consider and dispose of them in an intelligent and proper manner. To accomplish this there should be an entire absence of the strife and discord that so frequently mar the work of public bodies.

3. That we should be so mindful of the fact that we are expected—nay, more, that it is demanded of us that we give the taxpayers of this city a thoroughly businesslike administration. That important questions be met with deliberation and wisdom; that public improvements be made according to our needs and ability; that our needs are great, we all know; that our efforts should be equal to the occasion is apparent.

4. That to obtain these results it shall be my aim to appoint as heads of departments, only men whom I personally know to be honest and capable and peculiarly fitted by education and experience to the respective positions to which they will be named. In the selection of such officials I do not propose to confine myself to but one political organization. On the contrary, it is my intention to recognize and deal justly with both so far as the proprieties of the situation will allow.

Finally, I desire to state that I shall address you at greater length in the near future, after I have received the reports of the heads of departments of the city government and can formulate my message to the Council. In that I hope to be able to define a policy with reference to public matters that will meet with your approval and support. Meanwhile I desire to extend a cordial welcome to all members of the Council who may desire to visit me at the Mayor's office or elsewhere to confer or counsel with me regarding city business. Not only do I encourage his medicines are compounded, forming diagnosis by the aid of the microscope enables him to detect the primary cause of diseases and effect a radical cure. The doctor has cured thousands of cases of

Nervous Debility, Mental and Physical Weakness and Nervous Prostration.

And will forfeit \$500 for any case taken under his treatment which he fails to cure.

All classes of private diseases cured and all old, lingering diseases, which vitiate the blood and impair the system, thoroughly and permanently cured. Liver and kidney complaint cured. All classes of skin cures. Tetter removed with head or no pay. Office hours, 10 to 2 and 7 to 9 p. m.
